Test References: For example, we construct a large relational database (Codd, 1970) to collect a large amount of data. In order to communicate the structure of this database, we use an Entity-Relationship diagram (Chen, 1976). We then analyze this data and learn great things about how to improve the world using information systems. This is for (Author1, Year), And this is (Author2, Year), this is for (Brown & Sias, 2023), (Gupta et al., 2018)
